Issue 390 - June 5, 1987

DXpedition News

United Arab Emirates - A6 **A61AB** has been worked in the Arabian Nights net on 14250 kHz at 0400Z, with JY4MB as MC. He's also been on 20 meters around 1500Z. QSL WA3HUP.

Trindade - PY0 Inside DX reports that some Brazilian amateurs are on the way to Trindade (SA-10) now, and expect to be active June 6-8. **ZY0TC** by PY1DFF, **ZY0TO** by PY1OTO, **ZY0TM** by PY2BBO, and **ZY0TJ** by PY2BZD are the callsigns. All bands 80-10, CW and SSB. Sunrise 0830Z, sunset 1920Z. QSL ZY0TJ via PY2BTR, and the others calls via PY1DFF.

Taiwan - BV Yoshi JA1UT sends more details about the low band plans for BV0AE (AS-20) this week. **Watch 1910 and 3505 kHz 00-1300Z, June 8-10. For skeds call the Long Life Hotel at 2-396-9321 or Tim Chen BV2B at 2-705-5638. Sunset 1042Z.**

Cocos Island - TI9 Rumors continue to circulate that Carlos TI8CBT will operate as **TI9M** for about a month, starting "sometime soon." (This trip has been said to start at various times over the past months, with nothing concrete.) QSL to home call. Sunrise 1140Z, sunset 2400Z.

Equatorial Guinea - 3C **3C1MB** has been a lot more active since the Gabon DXpedition to his country was announced (see Issue 389.) Look for him on 14245 after 2100Z, and then around 14160 after 2300Z. He's also been logged in Europe at 0830Z on 14280 kHz. QSL EA7KF.

Chad - TT FB1LDX, who is presently in Chad for a 3 month stay, applied for an amateur license. He was told, "The authorization for amateur radio is suspended until further notice." Let's hope they don't send any official letters to that effect; the DXCC desk then require far more than the usual documentation. Tom Gregory N4NW continues to try for operating permission during his frequent visits to Chad; no good news yet.

Shortly Noted

- Bert **5A0A** has been in Jim Smith VK9NS's net on 14220 kHz at 0500Z. He leaves Libya at the end of June; work him now!
- Luis **S92LB** is often on 14157 kHz at 1930Z, but not always transmitting. Try giving him a call there.
- DJ9ZB is looking for help to get a transceiver to **3B9FR** on Rodriguez Island (AF-17). 3B9FR is the only ham on Rodriguez, and he has no equipment.
- Sierra Leone stations put a "2" in front of their calls, as in 29L1IS, presumably to celebrate 29 years of independence. Unfortunately, the block of callsigns beginning with "2" is assigned to the United Kingdom, so these 29L calls were not legitimate.
- **VK0ML**, the 'other' station on Macquarie Island (AN-05) operates CW at 10 kHz up on 20, 30, or 40 meters Thursdays, from 06-0800Z, according to Graham VK0GC.
- **Sri Lanka** has been well represented on 20 SSB, with some CW by **4S7RO**. Try 0030-0130Z from the East Coast or 1430-1530Z on the West Coast.
- Father Moran **9N1MM** continues to show on 20 SSB 0030-0130Z.
- **A92BE** 14150-60 at 0300Z.
- **BY4AA** on 20 meter SSB 12-1400Z.
- YL **CE0GHO** on Easter Island (SA-01) likes 14215-25 after 0100Z.
- **7J1ACH** has been quite active on 20 meters 11-1300Z.

RTTY Notes

- **5H3ZO** has an RTTY mailbox on 14083 kHz that is often active.
- **7J1ACH** is looking for CT, ME, VT, and DE on RTTY to finish up his WAS. Try 14094 at 1200Z. QSL to NG7X.
- **V44KAR** hooked up his Commodore on May 22, and was worked on 14081 at 1800Z. QSL to WA4WIP.
- Hassan **V85HG** has skeds on 14190 kHz at 23-2400Z Sat. and 14202 kHz at 1500Z Sun., and will QSY to RTTY following the skeds.

— **Chod Harris VP2ML Editor**

Thanks N4XX and KH6BZF.

Propagation Watch

Into every life a little rain must fall. Some solar flares around May 24-25 put a crimp into the otherwise fine propagation of the past weeks. It's been so long since we have had enough solar activity to produce real solar flares that some DXers had forgotten about this other, darker side of sunspots.

Absorption broke into the mid-twenties for the first time in many months at the end of May, which negated the positive effects of the above-average flux levels. Especially in contrast to the excellent long-haul propagation we have enjoyed in April and earlier in May, the bands seemed dead.

The sunspot region that gave us both the good and bad propagation in May, Region 4811, appears to be winding down, and may not be as powerful the next time around, in mid-June. And the approach of the summer solstice will put a further damper on propagation. But look for some better than average band conditions mid-month.

WWV Survey

Have you sent in your WWV survey yet? The future of WWV's time, frequency, and propagation services may be influenced by your responses. So request a copy of the survey form from the National Bureau of Standards, 325 Broadway, Boulder CO 80303, and return it promptly. A copy of the survey is also reproduced on pages 47 and 48 of the June issue of ham radio magazine.

ISLANDS ON THE AIR

- **Correnti Island** EU-21 Italian hams from Siracusa will be active from IJ9/IT9 June 27-28.
- Watch for **Berlengas Islands** off Portugal June 18-21. This is EU-40.
- **Hoedic Islands** EU-48 by French hams June 24-July 5.
- **R1ASP** in early May was from **Kronstadt Island**, EU-97.
- **UR1RYY** will be on from **Saarema Island** EU-34 in June and August.
- **Dickson Island** AS-05 by resident **UZ0BWL**.
- **Hachijo Island** by resident **JG1UCB**, AS-43
- **Sonja Island** by resident **LA5QFA**, EU-46.
- **Zante Island** EU-52 bu resident **SV8CS**.
- **Queen Charlotte Island** NA-51 by **VE7MND**, on CW only.
- **Unalaska Island** NA-59 by **WB6IPT/KL7**.
- **Smith Island** NA-83 by the Nanticote ARC, operating as **KW3Z** July 24-26. QSL to KC3RY.
- **Marquesas Islands** OC-27 by resident **FO4MK**.
- **Bora Bora** OC-67 by **FO5JP**. QSL F1BBD.
- **Aitutaki Island** OC-83 by **ZK1DD**.
- **Tierra del Fuego** SA-08 by LU3XQB. [Thanks DXNS.]

QSL INFORMATION

QSL Help Given

- **I2VA/5U7** cards can be obtained from I5GWO, Box 46, 51100 Pistoia, Italy. No decision on DXCC status, yet.
- **BY0AA** QSLs promptly via Box 202, Wulumuqi, PRC.
- **UA1OT** in Franz Josef Land can be QSLed via UB5KW, Alex Demchik, P O Box 261, Rovno, 266000 USSR.
- **3G87PAX** is via Box 72, Valpariso, Chile.
- **9K2DX** via Box 25125, Safat 13112, Kuwait, and **9K2KW** is Farid, Box 13296, Kuwait City 71953, Kuwait.
- **HK0TU** Malpelo still via HK3DDD, with IRCs.
- and Ron ZL1AMO says he still has cards and logs for his DXpeditions over the past ten years, including **H44RW VK4ANS/LH YJ8RW 3D2RW ZK1CQ ZK9RW ZL8AMO ZL7AMO FW0BX A35EA 5W1CW ZK3RW** and **VK9XI**. He's also QSL manager for **ZL7AA**. Ron Wright, 28 Chorley Ave., Auckland 8, New Zealand.

QSL News

- The **OH0MD/OJ0** Market Reef cards are out! Rusty Epps W6OAT just put 1001 stateside envelopes into the US mail system, cards that he carried back from a recent visit to Finland with QSL manager OH2BAD.
- The **XF4DX** cards just left the printer, and are now in the hands of QSL manager K9AJ to be filled out.
- The **KC6MX/KC6IF** cards should be out in late June. They'll be worth the SASE to KQ1F.
- And speaking of a card worth the SASE, send an an oversized envelope to Mike Qualls KI6DF for his **FO0QK** card. Not for the prudish.

QSL Help Wanted

- KØDEQ seeks info on **ZS3TL** in Oct., 1984 (W7PHO says he can't help); and on **TA1TC** from March, 1980.
- and the Solomon Islands QSL Bureau is trying to locate former H4/VR4 amateurs, to distribute over 2,000 QSLs that have gone unclaimed. If you know of any current addresses for ex-H4/VR4 hams, contact the Bureau at P O Box 418, Honiara, Solomon Islands.

Chak VU2TTC

One of India's most active operators is Chak VU2TTC, an amateur who doesn't hesitate to tell the word about his exploits. When you receive a QSL card from Chak, he includes a page describing his VU2TTC Award for working him on two bands, his operating schedule, and detailed description of how to get to his shack, including bus routes and fares. He also includes a clipping from the Hindu, India's national newspaper, that describes Chak's amateur career. The accompanying photo of the rat's nest of wires in his shack makes one wonder why he hasn't electrocuted himself by now. Don't pass up this QSL and story.
